How to Authenticate This Official Transcript
From the University of Maryland Global Campus

This official transcript has been transmitted electronically to the recipient, and is intended solely for use by that recipient. If you are not the intended recipient, please notify Student Records at the University of Maryland Global Campus. It is not permissible to replicate this document or forward it to any person or organization other than the identified recipient. Release of this record or disclosure of its contents to any third party without written consent of the record owner is prohibited.

This official transcript has been digitally signed and therefore contains special characteristics. If this document has been issued by the University of Maryland Global Campus, and this document is viewed using Adobe® Acrobat version 6.0 or greater, or Adobe® Reader version 6.04 or greater, it will reveal a digital certificate that has been applied to the transcript. This digital certificate will appear in a pop-up screen or status bar on the document, display a blue ribbon, and declare that the document was certified by the University of Maryland Global Campus with a valid certificate issued by GeoTrust CA for Adobe®. This document certification can be validated by clicking on the Signature Properties of the document.

 The blue ribbon symbol is your assurance that the digital certificate is valid, the document is authentic, and the contents of the transcripts has not been altered.

 If the transcript does not display a valid certification and signature message, reject this transcript immediately. An invalid digital certificate display means either the digital signature is not authentic, or the document has been altered. The digital signature can also be revoked by the transcript office if there is cause, and digital signatures can expire. A document with an invalid digital signature display should be rejected.

 Lastly, one other possible message, Author Unknown, can have two possible meanings: The certificate is a self-signed certificate or has been issued by an unknown or untrusted certificate authority and therefore has not been trusted, or the revocation check could not complete. If you receive this message make sure you are properly connected to the internet. If you have a connection and you still cannot validate the digital certificate on-line, reject this document.

The transcript key to complete a transcript evaluation is the last page of the transcript document.

Legacy Transcripts: Our Legacy Transcripts are scanned copies of the student's record, retrieved from our document management system with the university's logo embedded on the document. If you receive a transcript as described, they are often the best available copy and should be considered the authentic record for the student's name indicated on the document.

The current version of Adobe® Reader is free of charge, and available for immediate download at http://www.adobe.com.

If you require further information regarding the authenticity of this transcript, you may email (studentrecords@umgc.edu) or call (800-888-8682, ext. 2-2222) Student Records within the Office of the Registrar at the University of Maryland Global Campus.

Accreditation

University of Maryland University College officially changed its name in July 2019 to University of Maryland Global Campus. University of Maryland Global Campus (UMGC) is accredited by the Middle States Commission on Higher Education, 3624 Market Street, Philadelphia, PA 19104 (267-284-5000). The Middle States Commission on Higher Education is an institutional accrediting agency recognized by the U.S. Secretary of Education and the Council for Higher Education Accreditation.

Release of Information

The transcript has been forwarded to you at the request of the student with the understanding that it will not be released to other parties. The Family Educational Rights and Privacy Act of 1974 prohibits release of this information without the student's written consent.

Overseas Programs

Five institutions from the State of Maryland have offered programs in a consortium agreement under contract to the U.S. Government to provide degree programs to members of the American military community overseas. The College of Southern Maryland, Montgomery College, and University of Maryland Global Campus (UMGC) have offered undergraduate programs; and Bowie State University, University of Maryland, College Park, and University of Maryland Global Campus have offered graduate programs. In agreement between the schools, this transcript is issued upon behalf of all five institutions.

Resident Credit

UMGC awards credit in semester hours.

Student is in good standing unless otherwise stated

Course Numbering and Grading Systems

After September 1, 1971*

0-99	Institutional credit that does not count towards graduation but is computed in the GPA for the term.
100-299	Freshman/Sophomore lower level credit
300-499	Junior/Senior upper level credit
500-599	May be considered upper level or graduate credit, depending on the program of enrollment and course grade. Articulation agreements between specific UMGC programs/majors allows graduate credit for specific courses taken, with appropriate grades received, while an undergraduate student.
600-898	Graduate level credit
899	Doctoral thesis credit
EXCL 001 AND **UCSP 615**	Courses are indicated with no credits and reflect course work that does not affect the student's GPA.

Notes: Certain Graduate programs may require undergraduate level (100-400) courses as prerequisites. The prerequisite credits are not normally applicable to graduate programs and the grades are not included in the graduate program cumulative GPA. Further information is available in the university catalog.

Additionally, the grade of C is not available for certain graduate programs. Please see the university catalog or the website for a list of applicable programs.
